

handivi is all about you sharing experiences with your family and friends. It's a free, easy to use service where everyone can get involved in, see and share life's short moments with a mobile phone, communicating firsthand with photos or text, from anywhere. Expand your social awareness ... and creativity, right now!

A lightweight application frees you from any mobile phone limits (space or memory), all it's data is stored on our servers. For instance, you can take as many photos as you'd like without worrying about if your phone has space for all of them – handivi has! You can also see what other people are doing on the handivi network and be kept to date on your friends and family daily updates. With our communication service you can engage in realtime conversations and always be in touch, even if your contacts aren't on handivi.
